JOSIAH TURNER, Jr., EDITOR.

MRS. WESLEY'S DISCIPLINE FOR CHILDREN.

The mother of John Wesley, the great Reformer, was a most remarkable woman, and it was evidently from her, and not from his father, that Wesley inherited and acquired that deep piety and earnestness in the service of God, which made him the greatest preacher of his day. In a letter to a friend detailing her laws for the management of her children, Mrs. Wesley gives the following as her rules for the discipline of the mind:

"In order" (says Mrs. Wesley) "to form the minds of children, the first thing to be done is to conquer their will and bring them to an obedient temper. To inform the understanding is a work of time, and must, with children, proceed by slow degrees, as they are able to bear it; but the subjecting the will is a thing which must be done at once, and the sooner the better. When the will of a child is totally subdued, and it is brought to revere and stand in awe of its parents, then a great many childish follies and inadvertencies may be passed by. Some should be overlooked and taken no notice of, and others mildly reproved; but no wilful transgression ought ever to be forgiven children without chastisement, more or less, as the nature and circumstances of the case require. * * * They were quickly made to understand they might have nothing they cried for, and instructed to speak handsomely for what they wanted; * * * nor were they ever permitted to call each other by their proper name without the addition of brother or sister.—None of them were taught to read till five years old, except Kezzy, in whose case I was overruled, and she was more years learning than any of the rest had been months. The way of teaching was this: The day before a child began to learn, the house was set in order, every one's work appointed them, and a charge given that none should come into the room from nine to twelve, or from two to five, which you know were our school hours.—One day was allowed the child wherein to learn his letters, and each of them did in that time learn all its letters, great and small, except Molly and Nancy, who were a day and a half before they knew them perfectly, for which I thought them very dull; but since I have observed how long many children are learning the hornbook I have charged my opinion. * * * * * There was several by laws observed among us, I mention them here, because I think them useful. 1. It had been observed that cowardice and fear of punishment often leads children into lying, till they get a custom of which they cannot leave. To prevent this, a law was made that whoever was charged with a fault of which they were guilty, if they would ingenuously confess it and promise to amend, should not be beaten. This rule prevented a great deal of lying, and would have done more if one of the family would have observed it. But he could not be prevailed upon, and therefore was much imposed upon. * * * 3. That no child should ever be chid or beaten twice for the same fault, and that if they amended should never be upbraided with it afterwards. 4. That every signal act of obedience especially when it crossed upon their own inclinations, should be always commended and frequently rewarded according to the merits of the case.—5. That if every child performed an act of obedience, or did anything with an intention to please though the performance was not well, yet the obedience and intention should be kindly accepted. 6. The property be inviolably preserved, and none suffered to invade the property of another in the smallest matter though it were the value of a farthing or a pin. * * This rule can never be too much inculcated on the minds of children, and from the want of parents or governesses doing it as they ought proceeds the shameful neglect of justice which we may observe in the world. * * * 8. That no girl be taught to work till she can read well. * * * This rule also is much to be observed; for the putting children to learn sewing before they can read perfectly is the reason why so few women can read fit to be heard, and never to be well understood."

CURIOUS FACTS IN REGARD TO SOUND.—The following curious observations in regard to the transmission of sound have been carefully verified by an extended series of experiments: The whistle of a locomotive is heard 8,300 yards through the air; the noise of a railroad train, 2,800 yards; the report of a musket and the bark of a dog, 1,800 yards; the human voice reaches the distance of 1,000 yards; the croaking of frogs, 900 yards; the chirping of crickets, 800 yards. Distinct speaking is heard in the air from below up to a distance of 600 yards; from above, it is only understood to a range of one hundred yards downward. It has been ascertained that an echo is well reflected from the surface of [illegible] water only when the voice [illegible] tion. An orchestra or the roll of a drum reaches 1600 yards.

Other similar phenomena connected with the transmission of sound have been observed, but the results disagree either from inaccuracy in the observations or from the varying nature of the circumstances affecting the numbers obtained. Such variations occur to an extent of 10 or 20 per cent., and even more. The weather's being cold and dry, or warm and wet, are the chief influencing causes. In the first case, the sound goes to greater, and, in the second, to a lesser distance.—*From the Technologist, N. Y.*

ONE'S MOTHER.—Around the idea of one's mother the mind of man clings with fond affection. It is the first dear thought stamped upon our infant heart, when yet soft and capable of receiving the most profound impressions, and all the after feelings are more or less light in comparison. Our passions and wilfulness may lead us far from the object of our filial love, we may become headstrong, and angry at her counsels or opposition; but when death has stilled her memory remains to recapitulate her virtues and good deeds, affection like a flower beaten to the ground by a rude storm raises up her head and smiles amid her tears. Round that idea, as we have said, the mind clings with fond affection, and even when the earlier period of our loss forces memory to be silent fancy takes the place of remembrance, and twines the image of our departed with a garland of graces, and beauties, and virtues which we doubt not that she possessed.

Tobacco and Cigars.

HAVING PURCHASED THE STOCK AND fixtures of W. A. Monegan, Tobacconist, I propose to continue it in its various departments at the old stand, and would be pleased to see the former patrons of Mr. Mehegan together with my friends and acquaintances and I promise to furnish them with the best smoke or chew that can be procured in the City.

I am agent for Mohegan's celebrated brand of the Barker's Segar which beat the world for cheapness and fine flavor and can be procured no where else in two states, than from myself. Mine is the only establishment in North Carolina that you can procure the celebrated brands of Gravely chewing tobacco. Being confined exclusively to the segar and tobacco business, enables me to offer superior goods and at lower prices than can be had elsewhere in Raleigh, small dealers will find it to their interest to call and examine my stock as I can beat the State in prices and in a line of goods suitable to the wants of their customers.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

WANTS TO DO IT HIMSELF.

Rev. G Wm. Welker is Senator from Guilford; he is a Republican and sometimes, nay, very often, shows that he is a Radical. He has commenced the publication of a newspaper in Greensboro', called the "*Republican*," which he edits himself. In this week's issue of his paper he speaks favorably of the Radical Convention called to meet in Raleigh, some time in May, and urges its propriety on several grounds, one of which we notice, It is:

"The frank, bold and bitter assurances that have been given on the floor of the General Assembly that it is the purpose of the Democratic party to *undo* all that has been done in the way of reorganization, is no idle threat. It is the utterance of men whose hearts incite them to do all they dare do to show their hatred to the power that binds them in bonds to keep the nation's peace."

One would suppose that a man professing to be an ambassador of the Prince of Peace and a minister of his holy religion, the main feature of which is Charity, would have been a little more cautious in his assertions and somewhat more charitable in his inferences and conclusions, than the Rev. Mr. Welker has shown himself in the above paragraph.

We would ask Mr. Welker *who* has made this "frank, bold and bitter threat to *undo* ALL that has been done in the way of reorganization?" *When* was the threat made? You have told us where, namely, on the floor of the General Assembly, now tell us who it was made the threat and when it was made, "and it sufficeth us."

Do you not know, Mr. Welker, that what is sought to be undone, is that which has been done wrong; that which burdens the people with novel customs and heavy taxes without adequate benefit? Don't you believe that the motives of those who desire to "undo" some things that have been hastily and unwisely done, are pure as your own? that they are actuated by as patriotic and honest sentiments as *you* are? Don't you know that you and your party have been engaged in *undoing* your own work pretty extensively? Look at the repeal of your appropriation bills, for instance, and the inference is a legitimate one that, in repealing these appropriations, you would also have repealed the constitutional provision under which they were made, if you could have done so in your legislative capacity. Whether you would or not, [illegible] convinces you knows that you, yourselves, are not averse to the "*undoing*" business, that you seem to look upon with such holy horror, when it is to be undertaken by men who did not, like you and your party, make such egregious blunders in the *doing*.

The latter sentence of yours, parson, that we have quoted above, sounds malicious and uncharitable—too much so, it seems to us, to come from the heart of one possessed of that virtue which "vaunteth not itself, is not puffed up; that thinketh no evil; that rejoiceth in the truth," &c., &c. How dare you to set up yourself as the judge of men's hearts and motives? and how uncharitable, unchristian and *untrue* it is to say that the people of this State and the South generally are only restrained "in their hatred" to the government, or to "the power that binds them to keep the nation's peace." Such lying reports and false representations as this are calculated to make the people "hate," at least, those who make them, and it isn't natural that they should [illegible] any great love for the "power" that receives and acts on them in the very face of evidence of their falsity, if that "power" would only open its eyes to see it.

It seems from the article we have copied from, and by the action of the Radical Legislature, Rev. Mr. Welker included, that they are very willing to *undo* their own work, but are not willing that anybody else [illegible] for them. That is their [illegible] and is the exact use to enjoy the incidental loaves and fishes.

THE LEGISLATURE.

The House of Commons yesterday, elected Wm. A. Moore, member from Chowan, Speaker in place of Mr. J. W. Holden, resigned; and discussed the bill to aid in the construction of the Valley Railroad.

The Senate passed a bill placing the Western N. C. Railroad in the hands of certain Commissioners, to look into its affairs, and gather up the fragments of assets, if any can be found.

The Senate also passed a resolution to the third reading, to abolish the Penitentiary Commissioners. This is a thrust at Hon. Alfred Dockery, President of the Board, and Mr. Welker, the Secretary, and indeed at all the members, because they have not shown themselves pliant tools of party in conducting the business entrusted to them. They are all republicans, and we would not have supported one of them for office except as against worse men of their own party, but we are free to confess that they have more faithfully and economically performed the duties assigned them than any other organization or officer of the party since it came into power. No doubt the abolition of the Board is a foregone conclusion, but when accomplished it will be an outrage against the State, the people and their own party. We shall revert to this subject again.

Mr. Graham offered the following as a substitute.

An act to provide for the completion of the Western Division of the Western North Carolina Railroad.

WHEREAS, the Directors of the Western Division of the Western North Carolina Railroad, have for more than four months past, failed to secure the amount due from George W. Swepson, former President of said Railroad, and have instituted no proceedings by attachment to obtain any liens on the property of said Swepson, in this State and to test alleged conveyances of said property; *and whereas*, this General Assembly of North Carolina are of opinion that such Directors have failed to discharge the trusts confided to them, and that capable men should be appointed to take charge of the affairs of said Railroad.

The General Assembly of North Carolina, do enact,

SECTION 1. That J. L. Henry, N. W. Woodfin, W. P. Welch, W. G. Candler and W. W. Rollins, be and the same are hereby appointed and constituted a commission, to examine and fully investigate the condition and affairs of the W. D. W. N. C. R. The said commissioners shall, for the purpose aforesaid, have power to send for persons and papers to be examined by them, and make all necessary orders and reglations to that end; and, if need be, the said commissioners may send one or more of their members to the city of New York or elsewhere, to ascertain and report facts. A majority of said commissioners shall be sufficient to carry out the purposes of this act, and a majority of those so present shall have full authority to transact all business. The commissioners shall report from time to time, and in such way and form as has been heretofore prescribed by law for the reports of Presidents of Rail Roads, and at least once in every six months, report their action to the Governor of the State, who shall report to the next General Assembly.

SECTION 2. That the act entitled "an act to amend the Charter of the Western North Carolina Rail Road Company," ratified the nineteenth day of August 1868, and all the provisions thereof, (except that the Directors on the part of the State shall hereafter be appointed by the Superintendent of Public Works) be and the same is hereby re-enactad and confirmed.

Mr. Cook offered the following amendment: That so much of an act to amend the charter of the Western North Carolina Rail road Co., ratified on the 19th of August 1868, as relates to the organization of the Company is hereby re-enacted and confirmed, which was voted down.

Mr. Graham offered the following protest, which was spread on the journal, to-wit:

I respectfully protest against the action of the Senate, in giving to this Commission, the power to make a full and final settlement with George W. Swepson, for a misuse of over six millions of bonds of the State. This extraordinary power should be subject to revision by the next General Assembly. I further protest against the action of this Senate, in voting down the substitute offered by myself, and thereby leaving the control of this important State work to M. S. Littlefield. I further protest against the action of this Senate, in refusing to censure the Board of Directors, for their negligence in not bringing George W. Swepson to a settlement. I further protest against the failure of this Senate to protect the State against the representation of fraudulent and fictitious individual stock, and leaving this work in the hands of individuals voting such stock. I further protest against the action of this Senate, in refusing to abolish the present organization, and to substitute the one designed under the act of August, 1868—this power to alter being given by Section 1st, Art. VIII of the Constitution. I further protest against the failure to require the French Broad Branch to have the North Carolina gauge, four feet eight and a half inches.

JNO. W. GRAHAM.

We unite in the foregoing protest,

C. T. MURPHY,
L. A. MASON,
JOSHUA BARNES.

Mr. Love said he endorsed all that this protest contained but should reserve the right of drawing up one that is more full.

HOUSE OF REPRESENTATIVES.

FRIDAY, March 18, 1870.

The House was called to order at 9½ o'clock.

Leave of absence was granted to Messrs. Smith, of Martin and Justus.

RESOLUTIONS AND BILLS.

By Mr. Durham: A bill in favor of E. Murrill, of Onslow county. Referred.

Mr. Durham, for the Committee on Finance, reported upon several bills, all of which were placed on the calendar.

A message was received from the Senate transmitting various House bills which were concurred in by that body. The bills were ordered to be enrolled for ratification.

On motion of Mr. Long, of Richmond, the bill to authorizing the Commissioners of Richmond county to levy a special tax was taken up and passed its second reading, yeas 45, nay 16.

On motion of Mr. Malone, the bill to declare the law of evidence in certain cases was taken up and passed its several readings.

On motion of Mr. Vestal, the Senate bill to require the Supreme Court of the State to examine all applicants for license to practice law, was taken up and passed its third reading.

SPECIAL ORDER.

Bill to aid in the construction of the Valley Railroad (running through the counties of Person, Granville and Caswell,) was taken up (the bill provides that the Commissioners of each County shall subscribe to the capital stock of the Company, Granville, $200,000, Caswell, $200,00 and Person $100,000, the bill further provides that the Commissioners of Granville county shall levy a special tax of $50,000 each year until the subscription is paid, Caswell $50,000 and Person $45,000)

Mr. Barnett urged the passage of the bill.

Mr. Hodnett took the floor in opposition to the measure. He characterized it as an infamous outrage upon the property holders of his county. It involved the sacrifice of the little homesteads left to the already tax burdened and impoverished people of his section. The gentleman from Person (Barnett) approached him sometime ago and asked him if he (Hodnett) intended to oppose the bill, he (Hodnett) told him that he intended to fight the bill to the bitter end and remonstrated with him for interfering with the people of Caswell, telling him that he knew nothing about their wants and condition, when that gentleman replied, he "neither knew nor cared a damn."

Mr. H. continued for some length, describing the poverty and distressed condition of his constituents, the many unjust and onerous features of the bill and the cruel hardships which its passage would impose upon the tax payers of his county. Mr Hodnett charged in his remarks that the gentleman from Person (Barnett,) was engineering this Railroad in order that he might be its President and have control of [illegible] he was merely endeavoring to build up an office for himself &c.

Mr. H. concluded by moving to strike out in the bill "Caswell county" wherever it occured.

Pending further discussion, on motion of Mr. French, the House proceeded to the election of a Speaker.

Mr. French nominated Mr. Moore of Chowan.

Mr. Durham nominated Mr. Jarvis.

(Other nominations were made in a spirit of fun, therefore, he Reporter omits them.)

Mr. Moore of Chowan received 58 votes. Mr. Jarvis 20.

Mr. Mendenhall 3.

Mr. [illegible] announced as elected Speaker of the House from and after the hour of 1 o'clock, by the Speaker *pro tem.* at which time he (Speaker *pro tem*) would turn over the Chair to him.

The debate on the bill in relation to the Valley R. R. was resumed.

The question recurred upon Mr. Hodnett's amendment excepting Caswell county from the provisions of the bill.

Wilson Cook, col., spoke in favor of the bill.

Mr. Hodnett again occupied the floor in opposition to the bill, and argued at length.

(Here the Speaker elect, Mr. Moore, of Chowan, was conducted to the chair by Messrs. Jarvis and Mendenhall. In taking the chair Mr. [illegible] made a few appropriate remarks, expressive of his appreciation of the honor conferred, &c.)

The Valley Railroad bill was resumed.

Messrs. Ragland and Crawford, col., supported the bill.

After acting further debate, the previous question was sustained on the bill, and the question recurred on the motion to strike out "Caswell county."

The yeas and nays were called and the amendment was rejected by the following vote:

YEAS.—Messrs. Argo, Armstrong, Boddie, Carson, Davis, [illegible], Durham, Farrow, Forster, Franklin, Gibbons, Green, Harris of Franklin, Hawkins, High, Hinnant, Hodnett, Hunter, Ingram, Jarvis, Justus of Henderson, Kelley of Davie, Leary, Long of Chatham, Malone, McMillan Moore of Alamance, Nelson, Painter, Pearson, Peck, Pou, Powell, Prowler, Proffitt, Shaver, Smith of Alleghany, Smith of Wayne, Stanton, Strudwick, Sweat, Thompson, Welch, Whitley and Williams of Harnett.

On motion of Mr. Downing, the bill in favor of the Sheriff of Union County, was taken up and passed its several readings.

SPECIAL ORDER.

A Former Citizen Gone.—Our readers throughout this entire section of the country will hear with sorrow and regret, of the death of Rev. S. B. McPheeters, D. D., which occurred near Shelbyville, Kentucky, on the 9th inst. Mr. McPheeters was a native of this city, where he has many near relatives and a large number of friends yet residing; and about 50 years of age. We shall be able soon to publish a more suitable tribute to his memory.

Southern Life Insurance Company.—We refer to the advertisement and address of the Atlanta department of the Southern Life Insurance Company, which appears in the Sentinel for the first time this morning. The names of the officers and Directors, as well as most of the Stockholders in this Company, are too well known to our readers to need special introduction to this community. The General Agents for North Carolina, Col. James L. Corley, late on the staff of Gen. R. E. Lee, and Col. R. G. Hay, late of Gen. Hagood's staff, from whom all desired information concerning the Company can be obtained, are so well known as to command the confidence of the Southern public.

Exhibition.—We acknowledge the courtesy of an invitation from Prof. W. J. Palmer to attend an exhibition by the pupils of the Deaf and Dumb and the Blind Institution, in this city, but business engagements prevented our attendance. We understand there was a good attendance and all were well pleased with the entertainment.

Mobs in Richmond.—The telegraph of last night informs us of a difficulty in Richmond between the Military Mayor and Police, the new civil Mayor of that city, the former trying to hold on and the latter endeavoring to dispossess him of the city government. The negroes have interfered and much trouble is expected, the matter has not been settled up to a late hour last night.

Alamance.—We have a well written letter from a gentlemen of high standing in Alamance, giving an account of the state of affairs in that county, which we are compelled to defer until our next issue, for want of space to day. It will go far to counteract the false reports and malicious misrepresentations that have gone out to the world in regard to affairs in this State, and in that county particularly. The truth will out, and the world will see from what an exceeding small spark a tremendous fire has been kindled. It is our private opinion that the little political game that was to be played, was commenced too soon, and that the native force of truth will block it so that it will not prove as mischievous as was at first thought.

The National Watch Company, of Elgin, are now turning out over one hundred finished watch movements daily, or, three thousand per month—or *thirty-six thousand* per annum—and even at this rate, so general is the reputation of their watches for accurate time keeping, they are not able to fully supply the demand. It is expected that their production this year will reach 50,000 movements. Well may the question be asked, what becomes of all the Watches?

Special Mention.—It is with more than ordinary interest that we invite the attention of our friends to the advertisement of the "GREAT HENDERSON CO. KY. SCHEME," which we give a prominent position in our columns to day. This is not one of the petty "gift," or "lottery" affairs which dishonest rascals so often attempt to palm off upon unsuspecting people, but a straight-forward and legitimate enterprise, with a regular charter from the Legislature of Kentucky, and the full approval of all prominent officials and leading citizens in the State. We do not believe, that any one so inclined, will ever have a more favorable opportunity to invest *five dollars* more satisfactory than in this Scheme.

At the present term of Guilford Superior Court, Charlie Birch, for burglariously entering the store of R. N. Caldwell of Greensboro, was convicted and sentenced to ten years in the penitentiary.

The negroes are still leaving the region of country about Greensboro' for more Southern States.

Just Out.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Hoarseness. None so pleasant, none cure so quick.

dec 30 d&w3m.

Price Established.—The price demanded by a colored politician to make speeches for a carpet-bag candidate for Congress, during the next campaign, is fixed, we understand, at fifty dollars a speech payable in advance. We publish the fact as matter of interest for aspirants, so that they may be able to form some estimate of the cost before beginning the race.

Good Watch.—The editor of the Greensborough *Patriot* has a watch from a Northern establishment that has not varied more than a second in a week! Ours was in that condition a week or two ago, but we had it worked on and now it varies beautifully.

Didn't Stick.—Carlotta Patti gave the Wilmingtonians the go-by, after all; they have our sympathies.

We call attention to the communication of a "Dialectical Philanthropist," in this issue. It will abundantly repay perusal.

Gold.—The *Vindicator* is informed that Mr. W. B. Atkin recently took from one panning, at the Shemwell Mine, in Rutherford county, over one hundred dwts. of gold—some of the particles weighing over a pennyweight, samples of which may be seen at the Mint in this city. This gold has all been found above water level, and it is thought to be richer below, the parties mining never having gone down on the Mine proper.—*Charlotte Observer.*

SOUTHERN LIFE INSURANCE CO.

TO THE PEOPLE OF NORTH CAROLINA.

At the request of General J. C. B. Gordon, President Atlanta Department, I have come to your State to bring from friendly before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home*. By careful calculation it is estimated that a sum of not less than twelve millions of money is sent from the South to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefitted by the retention of those enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) is INVESTED IN THE STATE FROM WHICH IT IS DERIVED.

This department of the Company has operated both in Georgia and South Carolina and has done an unprecedentedly large business. Some of the most prominent people in those States are identified with its interest. Its Board of Directors embrace the names of the solid financiers, and most successful business men in the South. They are the trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you confident in pressing forward this deserving enterprise and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities *thereby test of a Company's strength*, fully sustaining this statement.—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our board of References in this State and others.

WASHINGTON.

Washington, March 17.—Senate.—The House bill abolishing the franking privilege was made special order for Tuesday.

A resolution favoring Cuba was discussed.—Considerable discussion took place upon a resolution looking to the equal distribution of government patronage in Washington.

Several senators deplored the appointment of young men to offices here, as having a tendency to ruin them for usefulness.

A bill was reported amendatory of the consular and diplomatic acts. It authorizes 41 Consul Generals, 146 Consuls and four Commercial Agents.

A bill was introduced to consolidate Indian tribes under a territorial government.

Platt said that it needed it again.

The House objected to the Tennessee resolution to expel Butler for alleged cowardly acts, the vote being 104 to 68 (two-thirds vote required.) A resolution of censure was unanimously adopted. The House then took up the tax in bill.

It is officially estimated by Internal Revenue Supervisor Pressly, that collections from the tobacco tax in Virginia for the present fiscal year, will reach $4 250,000. He reports the prospects of trade for the coming season as very flattering.

It is expected the San Domingo treaty will be considered in Executive session Wednesday next.

A New Discovery!! Phalon's "VITALIA;" or, Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

Phalon's "Vitalia" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.
